Respiratory Diseases

Opportunities to block pro-fibrotic signaling beyond standard of care; approaches to induce lung repair.

Dr. Silke Hobbie
Biberach, Germany
Phone: +49 7351 54 98309
silke.hobbie@boehringer-ingelheim.com

Dr. Christian Kuttruff
Biberach, Germany
Phone: +49 7351 54 144985
christian.kuttruff@boehringer-ingelheim.com

Research Beyond Borders

Searching for new and disruptive ideas and technologies across the research spectrum with a focus on gene therapy, regenerative medicine and emerging science.

Dr. Bernd Nosse
Biberach, Germany
Phone: +49 7351 54 94701
bernd.nosse@boehringer-ingelheim.com

Immunology

Autoimmune, inflammatory and fibrotic diseases affecting the gut, skin and lung.

Dr. David Blair
Ridgefield, CT USA
Phone: +1 203 798 4629
david.blair@boehringer-ingelheim.com

NCE and Biotherapeutics Technologies

Translating the most promising NCE and NBE technology innovations (e.g. platforms and enabling technologies) into impactful applications to support Research, Development and Translational Medicine.

Dr. Bernd Nosse
Biberach, Germany
Phone: +49 7351 54 94701
bernd.nosse@boehringer-ingelheim.com

Dr. Marcio Lasaro
Biotherapeutic Technologies
Ridgefield, CT, USA
Phone: +1 203 791 6824
marcio.lasaro@boehringer-ingelheim.com

Dr. Christian Kuttruff
NCE Technologies
Biberach, Germany
Phone: +49 7351 54 144985
christian.kuttruff@boehringer-ingelheim.com

Asia

Responsible for scouting and evaluating scientifically attractive in-licensing NMEs and partnering projects of high therapeutic value from East Asia.

Dr. Takeshi Kono
Kobe, Japan
Phone: +81 78 306 4060
takeshi.kono@boehringer-ingelheim.com

Dr. Namiko Yamashita
Tokyo, Japan
Phone: +81 3 6417 2853
namiko.yamashita@boehringer-ingelheim.com
